Customised Employment Training for Professionals

CDERP College Certificate Training

This certificate provides comprehensive training in Customised Employment designed to meet the needs of employment professionals who wish to deliver employment services with fidelity to practice evidence. The program has been developed and extensively used in Australia to ensure that it meets our funding settings for disability employment practice. No shortcuts, just real customised employment that meets international practice standards.

CDERP Certified Customised Employment professionals receive training that is consistent with the evidence base, evolved through research and adapted to meet the Australian setting.

Delivered online and supported by live sessions and peer forums, the training allows busy professionals to engage in the process and to start utilising the learning from day one. The learning is detailed and designed to allow you to deliver services that meet the needs of empowered clients who demand not just a job, but real employment that meets their aspirations, strengths and talents. The course lays the knowledge required for using Customised Employment and Discovery to support the employment journey.

Key concepts covered include:

- NAICE1 Introduction to Customised Employment
- NAUPD2 Understanding Discovery and the Person
- NAUDS3 Understanding Discovery and Social Capital
- NAII4 Arranging Informational Interviews
- NAPWE5 Promoting Work Experience
- NASDC6 Understanding Self-Determination & Career Design
- NAJDE7 Undertaking Job Development & Engaging Employers

- NAEEM8 Promoting Employer & Employee Mutuality
- NAPSI9 Delivering Post-Employment Support: Systematic Instruction
- NABCF10 Understanding Benefits Counselling & Support Funding
- NAAFF11 Activating Families - the Role of Family & Friends
- NASBP12 Undertaking Self-Employment & Business Planning

Our **CDERP Certified** certificate training is delivered online with everything you'll need to understand the learnings and use the knowledge and skills that you are developing. The modules are self-paced, but you won't be alone, as you will be guided on your learning journey by experienced Discovery practitioners and trainers.

You will continue to have access to the trainer post training to help you through the inevitable hurdles that you'll come across. Mentoring options are available for participants wanting extra support on the job.

On successful completion of the full program participants will be recognised as a **CDERP Certified Customised Employment Professional** and added to the public listing of Customised Employment Expert Practitioners.

Customised Employment training by the leaders in Customised Employment training, practice and research in Australasia.
